FLOOR GRIP

Bacteria-Enzyme Grease Digester & Cleaner

Floor Grip is specifically designed to provide instant relief of slippery greasy kitchen tile and grout surfaces, while penetrating deep into grout pores to provide deep cleaning and odor control. Floor Grip uniquely combines the natural power of select microorganisms, environmentally friendly cleaning agents, and grease emulsifying enzyme catalyst to aid in breaking down odor causing molecules and organic soils long after the cleaning job is done. Using Floor Grip on a regular basis prevents future soil, and odor molecule buildup.

USES

- Floors
- Tile
- Grout

FACILITIES

Restaurant
Food Service

BENEFITS

- Greater grip on floors to prevent slip and falls
- Deep cleaned tiles and grout lines.
- Control of odor causing organic residues.
- Floor drains treated during cleaning.
- Time saved by no rinse application.
- One step cleaning, deodorizing and waste digesting.

PHYSICAL PROPERTIES

Appearance – Opaque green liquid
Foaming – Moderate
Fragrance - Slight Citrus
Specific Gravity @ 25° C – 1.009
Flash Point (TCC) – > 200° F
PH – 7 Typical
Wetting – Good
Biodegradable -Yes
Bacteria Count- N/A

SAFETY

Caution: This product contains ingredients that can cause eye irritation. Wear safety glasses and suitable gloves. Use with good air ventilation. Do not excessively inhale vapors.

FIRST AID:

IF IN EYES: Rinse cautiously with water for several minutes. Remove contact lenses, if present and easy to do. Continue rinsing.

IF ON SKIN: Gently wash with plenty of soap and water

IF INHALED: If breathing is difficult, remove victim to fresh air and keep at rest in a position comfortable for breathing.

IF SWALLOWED: Call a POISON CENTER or doctor/physician if you feel unwell.

Obtain Safety Data Sheet (SDS) for detailed safety information.

DIRECTIONS FOR USE

Read product label and SDS before use.

Precautions: Shake container before use.

METHOD OF APPLICATION

1. Sweep floor of any loose debris.
2. Make a 4 ounce per gallon of water solution of Floor Grip. Note: after initial floor cleaning; only a 2 ounce per gallon solution should be needed on future cleanings.
3. Without ringing mop, generously (flood) mop the solution on the floor.
4. Allow at least 5 minutes for penetration into the soil and grout lines.
5. Next, scrub the floor and grout lines with a stiff bristled brush.
6. Squeegee Floor Grip into the floor drain. Floor Grip will also degrade odor causing molecules commonly found in floor drains. **DO NOT RINSE.** Allow floor to dry. Repeat application daily using a 2 ounce per gallon solution of Floor Grip to keep a grip on your floor.
